## ABOUT US

Founded in 2006 to address the unique challenges that Vietnamese American professional women face today, VAPW is dedicated to professional and personal growth for Vietnamese American women of all ages and backgrounds. Our vision is to build a strong support network for one another and strengthen our community ties.

In addition, VAPW seeks to affect positive changes through the support and mentorship of young women to enter diverse professional careers. We welcome all men and women who support our mission to participate in our events and encourage them to join our organization.

## MISSION

VAPW strives to **outreach**, educate, prepare and **engage** Vietnamese American professional women in areas of **leadership** and development, to provide a network of support and promote the **professional growth** of its members, to mentor and encourage youths in the community to enter professional careers, and to encourage community responsibility and participation.

## SCHOLARSHIP

Each year, VAPW awards scholarships to eligible high school seniors to celebrate their accomplishments and to support them in their college endeavors. Recipients are selected based upon academic achievements, commitment to community, financial need and leadership potential.

## MENTORING

As part of our mission to mentor and encourage youths to enter professional careers, VAPW will begin a mentoring program with the goal of guiding and motivating students to succeed in high school and beyond. VAPW aims to connect our mentees with role models and the resources to support their academic journey, and to encourage them in their career exploration and community engagement. Our mentoring families will include professionals, college students as well as high school students.
